*Information subject to change. AbbVie reserves the right to amend all prices, discounts, and volume requirements without notice.

[†]Number of units in a single purchase order, as fulfilled and invoiced by AbbVie.

[‡]Illustrative acquisition cost based on a wholesale acquisition cost (WAC) of \$845.10 (effective January 1, 2021 and subject to change). Actual acquisition cost for a LILETTA Volume Discount Program order may vary depending on the WAC in effect at the time the customer's order is received by AbbVie. WAC is a list price that may not reflect the actual price paid by an individual purchaser after discounts.

Payment terms: 90 days.

Please note that customers purchasing product pursuant to the 340B Drug Pricing Program, a group purchasing organization (GPO) agreement, or a direct agreement with AbbVie are not eligible to participate in the LILETTA Volume Discount Program.
